## SKRAFTY

**Homeschool Minecraft** is a website and family friendly Minecraft server that provides a safe and fun way for families to play multi-player Minecraft as well as an educational environment with academic classes using Minecraft to teach science, history, math and language arts. SKrafty's audience consists of thousands of families both homeschoolers and non homeschoolers who are committed to using technology for their family's entertainment AND education.

# TESTIMONIALS

Since starting Skrafty my son has blossomed. His typing has gotten a lot better. School work is not a chore any more I just give him the list of what needs to be done and he does it. He finds the lessons entertaining and engaging and he loves the activities that go along with them. He's also forging some great friendships with some of the wonderful children on Skrafty. Not only that but I have started forging some friendships with the mothers. We are all very grateful for Skrafty.

--Cheryl J.

My son enjoys playing on Skrafty with other kids and I love that it is a safe, moderated Minecraft server! While playing on Skrafty he has learned creative building, developed critical thinking skills, made friends, and learned to be a team player. The classes have been fun and the reading program has encouraged him to read more than ever. Skrafty has been such a blessing to our family!

--Julie B.

Skrafty helps my boys connect with other homeschool kids just like them. It's not just a game, it's a safe place to make friends and to learn. They loved the Narnia lesson!

--Cassie W.

We have tried other kid friendly/homeschool minecraft servers and classes but we always come back to Skrafty for all minecraft server needs! I appreciate the quality of this server because it attracts tons of players for my sons to engage with, while also maintaining a safe atmosphere that is protective of these kids. I feel like I can confidently trust the Skrafty server with our children's hearts while they play... I don't feel the need to hover or monitor my son while he is playing because the rules in this server are followed. We are also glad for the time the creators of this server have put into all the wonderful classes Skrafty has to offer! :) So far my kids have enjoyed all their classes here!

--Sharon P.

Both of my boys (ages 9 & 6) LOVE Skrafty! I love knowing they have a safe place to play Minecraft online. The class offerings are always wonderful and the rewards & challenges are very motivational for Minecraft lovers.

--Marianne S.
